Evaluation of Whether A Site-wide Environmental Impact Statement Would Facilitate Future NEPA Compliance Efforts

The Real Estate for the NNSA Service Center is the same as was for the Albuquerque Operations Office. The mission for this site has changed under the NNSA re-organization, December 23, 2002 but the operations of the site remain bounded as analyzed in the Sandia National Laboratories, New Mexico FEIS (October 1999). During the 5 year review of the FEIS [§1021.330], operations at the Service Center will also be reviewed for substantial changes or significant new circumstances [§1021.314].
